Spring White Seedlings

READY FOR SHIFTING

Order Form

R-1619 - C. WHITE BELLE X C. WHITE BELLE A planned hybrid, expected to be a prolific producer of well-formed flowers of heavy texture for the Easter season. Glistening white petals 3" wide with 7" to 7-1/2" spread, very wide ruffled lips with golden throats describe the Bow Bells-like parents.

R-1650 - R-1651 - C. Dorothy Phelps x C. White Belle

When you take advantage of THE '53 offer, you may add any quantity of the same size seedlings of these crosses to your order. We will fill the additional order in the same ratio as the basic assortment and the additional plants will cost only \$1.40 each.

R-1650 - R-1651 - C. DOROTHY PHELPS X C. WHITE BELLE Duplicate crosses to produce heavy textured, well formed whites for Mother's Day. The Dorothy Phelps has consistently produced lovely whites averaging 3-1/8" in width and 8" in spread for the May-June period. This, combined with the Bow Bells-like qualities of our outstanding C. White Belle, should give a fine white flower at a most desirable time of the year.
